

## WORLD HEARING DAY

World hearing day was observed on 3<sup>rd</sup> March, 2023. The theme of 2023 was “Ear and Hearing Care for all”.

At CDSIMER, a street play was conducted on 3<sup>rd</sup> March at the Hospital lobby to educate the patients and patient relatives attending the hospital. They were taught about the importance of caring for the ear and they were encouraged to spread the word about the harmful effects of loud sound to hearing. The programme was attended by all the faculty and students and non-teaching staff of CDSIMER.
